

Fadlo R. Khuri, MD

*Roberto C. Goizueta Distinguished Professor and Chair
Department of Hematology and Medical Oncology
Deputy Director for Clinical and Translational Research
Emory University
Winship Cancer Institute
Atlanta, Georgia*

Fadlo R. Khuri MD, serves the Winship Cancer Institute at Emory University as deputy director for Clinical and Translational Research, Roberto C. Goizueta Distinguished Professor and Chair of Hematology and Oncology, Adjunct Professor of Otolaryngology, Medicine and Pharmacology, and Director of the Institute's Cancer Drug Discovery, Development, and Delivery Program.

Dr Khuri earned his bachelor's degree from Yale University, in New Haven, Connecticut, and his doctoral degree from Columbia University, College of Physicians and Surgeons, in New York, New York. He completed his residency in internal medicine at the Boston City Hospital, Boston University School of Medicine. He then completed a fellowship in hematology and medical oncology at the New England Medical Center, Tufts University School of Medicine. He has been certified by the American Board of Internal Medicine in internal medicine (1992-2002) and medical oncology (1997-present). He is an active member of the American Association for Cancer Research, the American Society of Clinical Oncology and the American Society of Clinical Investigation. He was on faculty at the University of Texas MD Anderson Cancer Center from 1995-2002 prior to joining Emory University.

Dr Khuri's clinical interests include thoracic and head and neck oncology. His research interests include development of molecular, prognostic, therapeutic, and chemopreventive approaches to improve the standard of care for patients with tobacco-related cancers. His laboratory is investigating the mechanism of action of signal transduction inhibitors in tobacco-related cancers. Dr Khuri is the recipient of numerous awards, including being listed among America's Top Doctors and the Marquis Who's Who in the World, and the American University of Beirut's Nagi Sahyoun Award for Distinguished Contributions to Translational Medical Research. He is the recipient of a Georgia Cancer Coalition Distinguished Clinical Scholar Award, serves on the editorial boards of 9 journals, including the *Journal of Clinical Oncology*, *Clinical Cancer Research*, and *Cancer*, and has published over 150 peer-reviewed articles and editorials in elite journals including *Nature Medicine*, *the New England Journal of Medicine*, *Journal of the National Cancer Institute*, *Cancer Research*, and the *Journal of Clinical Oncology*.

Dr. Khuri has been the recipient of competitive, peer-reviewed federal grant support from the National Cancer Institute, Department of Defense, and American Cancer Society over the last 15 years. He serves as Principle Investigator of a Program Project Grant Titled "Targeting Cell Signaling in Lung Cancer to Enhance Therapeutic Efficacy", and as co-Principle Investigator of Emory's Head and Neck Cancer SPORE Program.
